## Vauhti Waxing Profile

D Seppo Sales Ltd.

## Vauhti Waxing Profile and bench,

**Vauhti is offering you the best combination of performance and price. The new and Improved Vauhti Waxing Profile is sturdier, more compact and easier to transport than ever!**

### Vauhti Waxing Profile:

100% adjustable

- It has identical sliding supports
- Sliding binding loop fastener
- Easily adjustable loop height

For ski lengths from 150 cm to 209 cm

Very sturdy: tail and tip supports do not bend when scraping or rilling – Very important when rilling. Rillers do not work to full advantage if support bends.

Large adjustment fasteners are quick and easy to adjust.

Easy to attach to any wooden table or platform due to the 3 countersunk holes.

**To compliment the Vauhti waxing/rilling support profile Vauhti has designed the best waxing bench with tool tray 36"x5".**

**Vauhti waxing profile can be easily fastened onto the bench with three screws.**

**The bench is very compact. The legs fold completely for transportation as shown in the picture.**

## Vauhti Waxing Aid

Vauhti Waxing Aid is easy to use in any waxing situation. You can use it for any length or make of Nordic skis. It is a handy little tool for traveling and to have as a second, additional waxing support:

- It can be fastened to a table, to 3 chairs, on the handrail – even onto the door in upright position!
- Small and light (weights only 630g)
- Easy and fast to install
